PROFESSIONAL SUMMARY

Computer Science student and **Mobile Application Developer** with a focus on building cross-platform solutions using **React Native** and **Expo**. Experienced in optimizing **API performance** and managing complex application states with **Redux Toolkit**. Proven ability to deliver user-centric features, as demonstrated during an internship at **Code Alpha** where I contributed to apps serving **1,000+ active users**.

EDUCATION

Veer Bahadur Singh Purvanchal University , Jaunpur <i>B.Tech in Computer Science and Engineering</i>	Aug 2023 – Jun 2027 CGPA: 7.5/10
Gandhi Inter College , Muzaffarnagar <i>Class XII (Intermediate)</i>	2021 Result: 78.20%
Saraswati Vidya Mandir High School , Muzaffarnagar <i>Class X (High School)</i>	2019 Result: 86.67%

TECHNICAL SKILLS

- Languages:** TypeScript, JavaScript, C, HTML, CSS.
- Frameworks & Libraries:** React Native, Redux Toolkit, CLI, Expo, ReactJS, Vite, Tailwind CSS.
- Databases:** SQL.
- APIs & Integration:** RESTful APIs, API Handling, Postman, Appwrite, Firebase.
- Mobile Development:** Cross-Platform Mobile UI Design, Mobile-First Responsiveness.
- Tools & Platforms:** Git, GitHub, Android Studio, WebStorm, VS Code.
- Operating Systems:** Windows, Linux.

PROFESSIONAL EXPERIENCE

App Developer Intern CodeAlpha	Aug 2025 – Sep 2025
- Engineered and maintained high-performance mobile applications using React Native for a user base of 1,000+ active users. - Optimized API Handling and Appwrite integration, reducing data fetch latency by 15%. - Collaborated on UI/UX designs that improved user retention rates through seamless navigation and responsive layouts.	

KEY PROJECTS

Sindhu Yoga App (React Native)	<i>React Native, Redux Toolkit, Firebase, Appwrite</i>
- Engineered a robust cross-platform mobile solution for digital wellness, facilitating real-time scheduling for 200+ monthly active sessions. - Deployed Redux Toolkit to manage complex global states, achieving a 40% improvement in data consistency across multiple navigation layers. - Formulated a bespoke UI reflecting heritage aesthetics, which yielded a 30% surge in user retention metrics during initial pilot testing. - Orchestrated secure backend workflows using Appwrite for multi-factor authentication and precision tracking of 50+ instructional programs.	
Personal Portfolio Website	<i>HTML5, CSS3, JavaScript (ES6+)</i>
- Conceptualized and launched a high-fidelity digital portfolio to centralize technical demonstrations and project documentation. - Refined asset delivery and SEO strategies, attaining a 98/100 Lighthouse performance rating and reducing initial page load time by 1.2s. - Implemented adaptive layouts with Fluid Grid Systems, ensuring 100% cross-browser compatibility and seamless mobile-first experiences.	

ACHIEVEMENTS & LEADERSHIP

- **Organizer – Smart India Hackathon (SIH):** Led technical logistics for a high-stakes hackathon involving **30+ competing teams** and industry mentors.
- **Organizer – IEEE Event (2025):** Orchestrated a university-wide IEEE technical symposium, managing sessions for **200+ student participants**.
- **API Proficiency:** Expertly tested and documented **15+ internal and third-party APIs** using **Postman** to ensure 99.9% system uptime.
- **Problem Solving:** Actively solved **50+ algorithmic challenges** focusing on optimized time and space complexity.
